* This list of supported features is subject to change due to frequent updates from smartphone brands.

** Supported features may vary by region.

1. For phone camera control, please pair Flow Pro with the phone's Bluetooth manually.

2. Switching the front & back camera while recording in 4K is only available in specific phone models. While recording in 1080p/720p, it is available for all phone models in the above list.

* This list of supported features is subject to change due to frequent updates from smartphone brands.

** Supported features may vary by region.

1. For phone camera control, please pair Flow with the phone's Bluetooth manually.

2. Switching the front & back camera while recording in 4K is only available in specific phone models. While recording in 1080p/720p, it is available for all phone models in the above list.

*Insta360 Flow Pro is designed to be used with DockKit-compatible apps, such as iPhone's camera app and FaceTime®. The above are third-party iOS apps that Insta360 has tested and confirmed to support DockKit. Please check with Apple regarding further third-party app compatibility.

**Using DockKit tracking requires an Apple device compatible with DockKit, specifically an iPhone 12 or later model, running iOS 17 or higher (we recommend iOS 17.4 or higher.)
